

Şişecam Group Quality Management Policy

In line with our mission, “sustainable value-creating growth”, and corporate values, we declare and undertake to serve as a pioneer and provide each and every resource necessary for:

- Transparent communication based on mutual trust in order to understand and fulfill the expectations and requirements of internal and external stakeholders,
- Compliance with relevant national and international standards, internal and external legislation,
- Continuous development with our customers and business partners by adopting a customer-focused approach,
- Managing the changes, risks and opportunities proactively across all business processes,
- Raising awareness of all our employees and stakeholders about innovations, changes and developments within the framework of this system, and enhancing their competencies accordingly,
- Ensuring continuous improvement and development through monitoring and revising measurable goals and programs,
- Managing and protecting information assets owned by the Group and its stakeholders, and information associated with all activities in a systemic manner,
- Performing each and every stage of our activities in a healthy and safe working environment,
- Protecting natural resources and the environment by adhering to the principle of Sustainable Resource Management.
